

JASON MARTINEZ

Full-Stack Software Engineer

Miami, FL | Mobile: (305) 417-9655 | Email: martinez.jasonc@gmail.com | [GitHub](#) | [Portfolio](#) | [LinkedIn](#)

Software Engineer with a background collaborating in biological sciences and healthcare, I find satisfaction in empathetic work that incorporates evidence-based solutions and transparent set goals. I frequently challenge myself to update my repertoire of technical practices with the latest advancements in science and tech while applying these skills to a personalized proposal that prioritizes the individual needs of clients.

EDUCATION

General Assembly

Remote

Full-Stack Software Engineering Immersive

- **Tools/Other:** Git, GitHub, RESTful APIs, MERN stack apps, PERN stack apps, MEVN stack apps
- **Applications:** Visual Studio Code, NextGen EHR system, Microsoft Office, Adobe Acrobat
- **Languages:** English (Native), Spanish (Proficient)

SOFTWARE ENGINEERING PROJECTS

- **uCutz:** Built with ReactJS, PostgreSQL/Sequelize, Express/NodeJS [[GitHub Repository](#)] [[Deployed Link](#)]
- **Tech Tinder:** Built with PostgreSQL, Express/NodeJS, ReactJS [[GitHub Repository](#)] [[Deployed Link](#)]
- **Your Art Gallery:** Built with MERN stack [[GitHub Repository](#)] [[Deployed Link](#)]
- **Fullstackathon Theme Park:** Built with ReactJS, MongoDB/Mongoose, Express/NodeJS [[GitHub Repository](#)] [[Deployed Link](#)]

EXPERIENCE

ScribeAmerica

Hollywood, FL

Medical TeleScribe

April 2019 – September 2021

- Utilized medical terminology to document over 26 patient's history and physical exam findings daily into the EHR.
- Retrieved data, including labs, radiology reports, and medical records, for physician review.
- Documented over 110 daily ICD diagnoses, treatment plans, procedures, medications, and hospital discharge follow-ups into patients' notes under fast-paced settings.
- Ensured proper EHR documentation in accordance with MACRA guidelines.
- Trained 3 incoming scribes as needed in compliance with HIPAA and provider preferences.

Lionbridge

Miami, FL

Google Rater

September 2017 – April 2022

- Measure quality of web search results and users' experience in accordance with specific guidelines.
- Provide feedback on quality of search results based on relevance to query to improve accuracy and user experience.
- Conduct research on every query topic to ensure understanding of user needs and provide a detailed assessment on quality of landing page and search results.
